

ADVANTCRAFT®

ADVANTCRAFT® MODEL 3948M MOBILE SCAFFOLD

A stackable mobile scaffold system built with the maintenance professional in mind. Light weight, yet rugged, and easily transports in the back of your minivan or pickup truck. Convenient for general interior or exterior maintenance. Capacity to 700 lbs. (25 lbs. per square foot load uniformly distributed over a 4 x 7 ft. deck plank surface).

Optional expansion sets stack vertically or end-to-end, extending the work platform size and height.

(Standard Platform Height: 7 feet 6 3/4 in. (3 unit stack); Expandable to Maximum Deck Height, 17 feet 7in., with optional Outrigger and three frame Height Expansion Set.

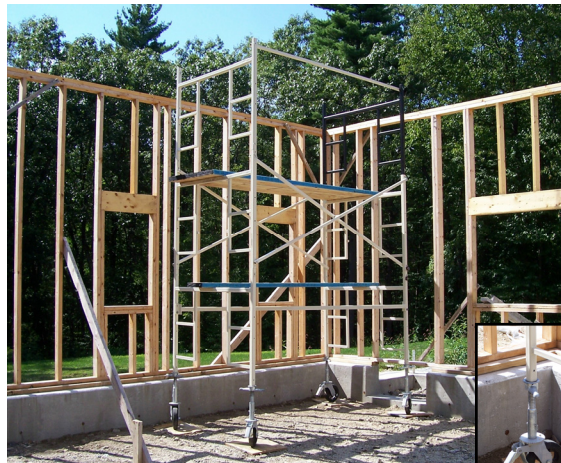

- Compact design for tight spaces and portability
- Corrosion resistant hardware
- Breaks-down to fit in the back of a pickup truck or minivan
- Almond color powder coated finish over epoxy primer

STANDARD FEATURES:

- End-Frame Units (39 3/4" High x 48" Wide)
- Gate Access & Rail Panels
- Cross and Diagonal Braces
- Scaffold-Grade Deck Planks
- Guard Rails (Hand & Midrails)
- Frame Leveler Jacks providing up to 11" of vertical adjustment.
- Heavy Duty 8" Rubber Casters with Swivel Wheels and Locks

OPTIONAL FEATURES:

- Outriggers available to allow increased stack height.
- Additional End-Frame Sets for expansion up to a 6 frame tower.
- Side Toeboards (2"x6")

EASY ASSEMBLY – Starting with End-Frame Units, Cross Braces, Diagonal Brace, Hand Rails and Frame Leveler Jacks with Swivel/Locking Casters.
